Overview

The **2024-2025 Texas Business Licenses & Permits Guide** is provided by the Business Permit Office within the Texas Economic Development and Tourism Office in the Office of the Governor. The Business Permit Office is responsible for providing comprehensive information on permits required for business enterprises in the state and for making that information available to entrepreneurs and interested applicants.

This comprehensive permit guide offers a listing of state permits that may be required for persons desiring to operate a business enterprise in the state. To the greatest extent possible, the content of this handbook has been organized to align with the requirements of Texas Government Code, Section 481.125, and is intended to offer a current listing of state-level permit information according to the types of businesses affected. We hope that you will find the 2024-2025 edition of the Texas Business License & Permits Guide useful in guiding you to the appropriate state resources that can address your business permitting needs.

The information contained in this guide is provided for information purposes only, is not intended as legal advice and may not address each and every permitting requirement that could potentially apply to your business. For example, many cities and counties may have additional permitting requirements. Businesses are advised to consult their legal counsel on the specific permits required for your business.

Please don't hesitate to contact our Business Permit Office at 512-936-0100 for further information or assistance. Additional information is also available on our website at:

BUSINESS LICENSES AND PERMITS BY INDUSTRY TYPE

This guide lists more than 300+ specific business types, followed by a listing of state agencies that require licenses, permits, certifications, registrations, and authorizations to operate a business. Business owners should contact the designated state agencies to determine which licenses, permits, certifications, registrations and authorizations are required to operate your specific business. New and existing business owners should always seek the guidance of a professional tax consultant, accountant and attorney to verify all legal requirements before operating a business. For local license and permits, please contact your municipal unit of government or county clerk's offices.

ALL BUSINESSES

Business Start Up Information - Guides and Resources - Secretary of State | 512-463-5555; <https://www.sos.state.tx.us/corp/related.shtml>

The Texas Secretary of State is the filing office for documents related to business organizations and nonprofit entities formed under the Texas Business Organizations Code and other applicable statutes. This office provides general information relating to the formation of certain Texas businesses, registration of certain foreign businesses and other helpful business start-up information.

Tax Permits and Registration - Some services may require a tax permit and/or registration. For more information, please contact the Comptroller of Public Accounts. See <https://comptroller.texas.gov> | 512-463-4600 or 800-252-5555; or <https://comptroller.texas.gov/web-forms/tax-help/>

Sales Tax Permit - Comptroller of Public Accounts | <https://comptroller.texas.gov/taxes/permit/>; 512-463-4600 or 800-252-5555

You must obtain a Texas sales and use tax permit if you are an individual, partnership, corporation or other legal entity engaged in business in Texas and you:

- sell tangible personal property in Texas;
- lease or rent tangible personal property in Texas; or
- sell taxable services in Texas.

If you are a remote seller who is selling into Texas, a marketplace provider or marketplace seller in Texas, you may also need to obtain a Texas Sales and Use Tax Permit. For additional details, see <https://comptroller.texas.gov/taxes/sales/remote-sellers.php>.

There is no fee for the permit.

Information for Businesses - Office of the Attorney General | 800-621-0508; <https://texasattorneygeneral.gov/consumer-protection>

The Office of the Attorney General offers general information to protect consumers from scams and unlawful business practices. The information provided by the Office of the Attorney General can also assist business owners with operating within the bounds of state and federal consumer protection, including in the following areas:

- protecting customers' personal data in storage;
- concealing credit card numbers on receipts;
- price-gouging - illegally raising prices in times of declared disaster;
- training for bank tellers to help them recognize exploitation of senior customers; and
- foreclosure prevention efforts to help homeowners endangered by the mortgage lending crisis.
